Sawguide Oil

Mobil Sawguide Oil 100 Page 2 of 4

### **Product Description**

MOBIL SAWGUIDE OIL is specifically formulated to lubricate the thin saw blades of modern gang s and edgers.

The choice of viscosity grade depends on equipment type, lubricant delivery system design and amt temperatures. Your Mobil representative can assist in selecting the proper viscosity grade.

#### **Features and Benefits**

MOBIL SAWGUIDE OIL offers the following features and benefits:

Features	Benefits
Forms a highly effective friction-reducing film between the blade and the guide. This reduces operating temperature, which, in turn, reduces cooling-water requirements.	Drier sawdust
The buildup of pitch, or wood resin, on the blade and sawguide increases friction an d accelerates wear. MOBIL SAWGUIDE OIL is uniquely formulated to reduce and control pitch buildup by optimizing lubricant solvency.	Provides outstang control of fron and wear
Clings tenaciously to blade and guide surfaces, reliably protecting against the damag ing metal-to-metal contact that causes wear.	Superb wear protion
Contains a potent anti-rust additive to protect blade surfaces from rust that would ot herwise stain lumber surfaces.	Protects against t
Formulated with tackiness additives that reduce the amount of oil thrown off the bla des or blown off by air/water sprays.	Controls stray m

### **Applications**

MOBIL SAWGUIDE OIL is specially formulated to meet the lubrication requirements of modern gang s and edgers.

## **Typical Properties**

MOBIL SAWGUIDE OIL 100
------------------------

Color	1.0
Flash Point, °C	219
Density @ 15°C, kg/l	0.882
Kinematic Viscosity	
cSt @ 40°C	100
cSt @ 100°C	11.8
Pour Point, °C	-24
Free Water, ppm	
@ 54°C	37
@ 82°C	-
Rust Prevention	Pass
Falex Wear, mg (low load, 600 lb for 2.5 hr)	16

#### **Health and Safety**

Based on available information, this product is not expected to produce adverse effects on health who used for the intended application and the recommendations provided in the Material Safety Data She (MSDS) are followed. MSDS's are available upon request through your sales contact office, or via the internet. This product should not be used for purposes other than its intended use. If disposing of use product, take care to protect the environment.
